## REAL TIME BUS INFORMATION

Transit is Chapel Hill Transit's preferred mobile app for real-time bus tracking and trip planning. The Transit app can be downloaded in the App Store (Apple users), on Google Play (Android users), or by visiting [transitapp.com](http://transitapp.com). Use the Transit app to access real-time arrival and departure information, unlimited route schedules, and even register to receive timely rider alerts on your favorite routes. Real-time

information signs displaying arrivals and departures are also posted at high-activity stops.

Chapel Hill Transit's partnership with the Transit app automatically upgrades customers to Transit Royale, free of charge. Transit Royale provides unlimited app access beyond Chapel Hill, Carrboro, and UNC, locally and abroad. Royale users also receive fun extras like customizable themes and icons, the ability to create a nickname and avatar, and access to the GO leaderboard to engage with other riders. With tracking, route, schedule, and location information for multiple transit service providers, and even shared mobility options like e-bike and scooter sharing services (where available) in one app, Transit Royale also makes transfers, connections, and the first and last mile of every trip quicker and easier than ever. Upgrade your Chapel Hill Transit experience by downloading the Transit app today.

## RAMPS, LIFTS AND KNEELING BUSES

Most of Chapel Hill Transit's buses now have ramps. Anyone can request the ramp or lift be lowered. These aren't just for customers using wheelchairs/mobility devices. The buses with ramps can also kneel, lowering the floor of the bus to make boarding easier. Ask the operator to kneel the bus if it would make it safer for you to board.

## INCLEMENT WEATHER POLICY
